

Our group is seeking dynamic Advanced Practice Providers who can provide excellent care and a values-based approach to our trauma and acute care surgical patients from admission-to-discharge. Provide surgical assisting, medical, and critical care inpatient services, and contribute to the design and delivery of high quality and cost effective care for our patients under the supervision of physicians.

A competitive salary, a full array of benefits, a healthy work/life balance, and a great location makes this an ideal choice for the APP who is looking to provide high quality patient care and also experience the best of Pacific Northwest living.

About Trauma Trust:

Located in Tacoma, WA (30 miles south of Seattle), Trauma Trust is a non-profit 501(c)3 joint level II trauma program. This unique trauma center works collaboratively with Tacoma General Hospital (MultiCare Health System) and St. Joseph Medical Center (CHI Franciscan) and rotates trauma call between the two facilities. The Trauma Trust team is made up of Trauma and Acute Care Surgeons, Advanced Practice Providers, and Administrative Staff. The two trauma centers combined treat an average of over 2,000 patients per year.

Advanced Practice Providers affiliated with Trauma Trust are recognized as being among the best healthcare providers in the Northwest Region. You will find everything you need to excel in your job including outstanding facilities, comprehensive resources, and talented teammates sharing your commitment to quality patient care. Tacoma General Hospital and St. Joseph Medical Center are recognized leaders using advanced state-of-the-art technology. EPIC, our Electronic Medical Record (EMR), is used at both facilities, and keeps our staff connected throughout the healthcare systems.
